

## LOOK! Save a Life Riders Pledge

As a rider on the LOOK! Save A Life team I represent the LOOK! Save A Life foundation and its message. As an advocate for safety and as my commitment to saving lives, I pledge to the following statements:

1. I will ride on the right side of the road as far to the right as practical and safe. I will ride single file when on narrow, curvy, or busy roads.
2. I will be as visible as possible to traffic. I will ride predictably and use hand signals and proper lighting in the dark.
3. I understand and will obey the laws regarding stopping and yielding at stop lights and stop signs, which are: in Idaho, a cyclist can roll through a stop sign without coming to a complete stop only if traffic is clear, a cyclist can go through a red light only after coming to a complete stop and only when traffic allows safe, clear passage.
4. I will wear a helmet any time I ride, not just in group rides and races.
5. I will foster a better relationship between cyclists and drivers by offering considerate, friendly, and polite communication with drivers and other cyclists.
6. When I drive I will expect and respect cyclists on the road and give them room.
7. I will not honk at cyclists.
8. When I drive, my attention and focus will be on the road and safe operation of the vehicle.
